

Unit 1A Biochemistry: Learning Target Review for the Review Project (AP Classroom Unit 1)

Learning Target	Rating				
1. I can explain how the properties of water that result from its polarity and hydrogen bonding affect its biological function.	1	2	3	4	5
Your evidence:					
2. I can describe the composition of macromolecules required by living organisms.	1	2	3	4	5
Your evidence:					
3. I can describe the properties of the monomers and the type of bonds that connect the monomers in biological macromolecules.	1	2	3	4	5
Your evidence:					
4. I can explain how a change in the subunits of a polymer may lead to changes in structure or function of the macromolecule.	1	2	3	4	5
Your evidence:					

5. I can describe the structural similarities and differences between DNA and RNA.	1	2	3	4	5
Your evidence:
